PRIME ESSENTIAL WHEY

MUSCLE BLAST Prime Essential Whey Protein Concentrate is made from Imported Whey, which delivers 24g Protein per serve. Best option for Gym Goers, Athletes & Sports Enthusiasts who do intense training.

No Amino Spiking, No Artificial Colour, No Fillers, No Added Sugar, Gluten Free and No Banned Substances.

ASHWAGANDHA may help lower stress levels and reduce anxiety. Ashwagandha can lead to improvements in stress-related symptoms, increased feelings of calmness, and reduced cortisol levels, a hormone associated with stress.

CREATINE MONOHYDRATE has been shown to enhance athletic performance in activities that require short bursts of intense effort, such as weightlifting and sprinting. By increasing the availability of energy in the muscles, creatine helps athletes push harder during workouts or competitions.

TRIBULUS TERRESTRIS Enhance Libido And Improve Sexual Function In Both Men And Women. Tribulus Terrestris May Increase Levels Of Certain Hormones, Such As Testosterone, Which Could Contribute To Its Effects On Libido.

MUSCLE BLAST

THUNDERVOLT PREWORKOUT

MUSCLE BLAST THUNDER VOLT contains L-Arginine and L-Citrulline to boost blood and oxygen flow toward muscles. They help maintain a constant supply of high energy and endurance to let you push beyond your usual training targets. Muscle Blast Thunder volt provides you the aid required to increase strength and muscles pumps allowing you to lift heavier, run further faster and surpass your regular physical performance.

MUSCLE BLAST THUNDER VOLT PRE-WORKOUT powder contains Caffeine that improves your concentration to drive better results while exercising. Also, it is packed with L- Tyrosine, L-Theanine & L-Taurine to keep your mind completely focussed on the training.

Muscle Blast Thunder volt is an Advanced Pre-workout formulation designed for Intense Energy, Fat Burn, Maximum Focus, Amplified Pumps, Explosive Power, Support Cognitive Function, Expand Muscle Endurance and Delay Fatigue.

Muscle Blast Thunder volt Pre-Workout is enriched with a powerful pair of antioxidants Beta-Alanine and Green Tea, which prevent soreness by neutralising the free radicals that attack the muscles.

AMINO EXTREME BCAA

MUSCLE BLAST BCAA Branched-Chain Amino Acids (BCAAs), including leucine, isoleucine, and valine, offer various benefits for muscle metabolism and overall health.

MUSCLE BUILDING AND PROTEIN SYNTHESIS

BCAAs play a crucial role in muscle protein synthesis, which is essential for building muscle tissue. Leucine, in particular, is known to activate protein synthesis, leading to an increase in muscle growth. Research has shown that BCAAs can result in a 22% greater increase in muscle protein synthesis compared to other amino acids.

REDUCE MUSCLE SORENESS AND FATIGUE

BCAAs have been found to decrease soreness after workouts, especially delayed onset muscle soreness (DOMS) that occurs within 12 to 24 hours after intense exercise. By reducing muscle damage and protein breakdown, BCAAs can help speed up recovery time and lessen fatigue.

KETO DIET FRIENDLY

BCAA powder works rapidly to ignite muscle protein synthesis, which creates and fuels muscle growth. Best of all, BCAAs are highly versatile. Try taking muscle asylum BCAAs between meals, before bed, or during training for a surge of high-quality, muscle-building amino acids!

MUSCLE BLAST

ESSENTIAL AMINO ACID (EAA)

EAA is the supreme choice of fitness enthusiasts or weight lifters to fulfill the need of all 9 amino acids in their bodies.

EAA helps to build muscle mass, reduce muscle soreness, delay muscle fatigue, and be a quick recovery. It is vital for protein synthesis in which body cells produce new proteins. When your body has all EAAs in the correct ratio that boost exercise performance and contribute to overall well-being. EAA assist to mobilize fatty acids.

EAA Essential Aminos supplement has no calories, no fat, no sugar inside. EAA is optimum in filling a calorie deficiency in the body, and when you take the consumption of EAA and are also highly active in the sports activity or exercise, you will be blessed with a fit lean body.

EAA Essential Aminos supplement helps your body to recover at the fastest note. It helps in protein synthesis after a hard workout or training, it begins repairing your damaged muscles instantly and provides quick recovery. EAA powder supplement is great to boost your immunity system. Its powerful antioxidants keep your immunity system strong and up to mark.

MUSCLE BLAST

L-CARNITINE 3000

Muscleblast L-Carnitine formula can aid in the conversion of fat to a usable energy source. L-Carnitine has been shown in numerous studies to aid in muscle preservation during training, making it a powerful, stimulant free supplement for men and women.

Muscleblast L-Carnitine provides consumers with a great tasting, sugar free, calorie free and convenient way of supplementing.

As a **Pre Workout Supplement, Liquid L-Carnitine 3000mg** has the visible ability to increase mental alertness, promote high energy & make your brain work faster. It also helps in reduction of muscle soreness & improved muscle health.

L-Carnitine converts Fatty Acids into ATP that the body can rapidly burn it as energy, helping you get leaner, quicker.

The Liquid L-Carnitine helps in enhancing the cellular energy which results in improved athletic performance for gym-goers

Recommended Use:

Add one table spoon (15ml) to be taken before training.
